## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 2 September 2010 has been entered.
2. It is noted that applicants' amendment filed 5 August 2010 which was previously not entered for the reasons set forth in the Advisory Action mailed 12 August 2010 has now been entered. The following action is based on this now entered amendment.

### ***Response to Amendment***

3. This Office action is in response to Applicant's amendment filed 2 September 2010, which amends claims 1, 14, and 16, and cancels claim 2.  
  
Claims 1, 3-5, 8-18, and 22-26 are pending.
4. The Examiner withdraws the objection to claim 1 for informalities because of Applicants amending of the claim in the amendment filed 2 September 2010.

5. Applicants overcame the rejection of claims 1, 4, 5, 8-10, and 12 under 35 U.S.C. 102(e) as being anticipated by Tsuboyama et al. (US 2003/0068536 A1) by amending the claims in the reply filed 2 September 2010.
6. Applicants overcame the rejection of claim 15 under 35 U.S.C. 103(a) as being unpatentable over Tsuboyama et al. (US 2003/0068536 A1) by amending the claims in the reply filed 2 September 2010.
7. The elected species (Formula (I)  $Y = R-C=C-R$  and Ar = phenyl) is allowable. In accordance with MPEP 803.02 the examiner has expanded to search to include the remaining nonelected species. Accordingly claims 3 and 11 are not longer withdrawn.
8. Claim 1 is allowable. The restriction requirement between groups I to VI, as set forth in the Office action mailed on 26 February 2008, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.** Claims 14, 16-18, and 22-26, directed to groups II to VI are no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

***Allowable Subject Matter***

9. Claims 1, 3-5, 8-18, and 22-26 are allowed.
10. The following is an examiner's statement of reasons for allowance:

The closest prior art is Tsuboyama et al. (US 2003/0068536 A1), Kamatani et al. (WO 02/45466 A1), and Igarashi et al. (US 2001/0019782 A1). Tsuboyama et al. teaches iridium complexes for use in electroluminescent devices but does not teach or suggest complexes of instant formula (I). Kamatani et al. teaches iridium complexes similar to complexes of instant formula (I) with a Ar of carbazole. However carbazole is not within the scope of the present claims. Igarashi et al. also teaches iridium complexes similar to complexes of instant formula (I) with a Ar of phenyl. However Applicants showing of unexpected results is sufficient to overcome a prima facie case of obviousness based on this reference (see Applicants remarks filed 23 March 2010).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
